

My School Day.....

Below is a brief summary of my day at school. If my teacher checked a green square, it means I was successful - I either improved or met my goals. If a yellow square is checked, then it means that I did try, but possibly was more distracted or needed several reminders to demonstrate the expected behavior or task. If a red is checked, then I refused to attempt the expected behavior or task.

Please recognize and celebrate my accomplishments which are indicated by the checked green and yellow squares. If I have any red squares checked, then please give me an opportunity to practice a skill listed on the back of this page.

Student _____

Date _____ M Tu W Th F

Calendar

Worked on spelling and letter recognition

Worked with my teacher

Followed Instructions:

Worked at my desk
_____x's for _____ min.

Counted and worked on math

Checked my schedule _____x's
